QUALITY YOU CAN TRUST

Hoppt Concrete Vibrators

VIB28/VIB38/VIB45/VIB60

Flex Shaft Concrete Vibrators

Hoppt concrete vibrators with flexible shafts are built with an improved pendulum design. This series of vibrators consist of 4 sizes, which are the VIB28, VIB38, VIB45 and the VIB60 all available in 6 & 9m lengths. The concrete vibrators are suitable for use in all types of concrete and a wide variety of construction sites from small foundations to very large projects. Resilient tips are also available.

Features and Benefits

- Three-claw Coupling
- Induction hardened magnesium steel alloy
- Reinforced steel hose with 6 layers of special spun steel
- High vibrating power
- Long working life
- Wear resistance and reliability
- Easy operations and compatibility
- Easy maintenance
- Available in 6 metre & 9 metre shaft
- Resilient Tips available

Specifications	VIB28	VIB38	VIB45	VIB60
Head Dimension – Dia x L (mm)	28x460	38x490	45x500	60x500
Operating Weight 6m - (kg)	18	19	20	21
Shaft Revolution	3,000			
Vibrating Frequency – Hz (vpm)	163 – 208 (9,800 – 12,500)
